Supplementary Material

1. Questionnaire on Taste and Smell in relation to COVID-19

Thank you for your willingness to participate in a study of changes in taste and smell in patients suspected of Coronavirus and completing the following short questionnaire on your sense of smell and taste. There are several sections, which should take about 10 minutes to complete. This questionnaire is not intended for diagnosis.

This questionnaire is voluntary. Data will be kept in accordance with local data protection rules. The questionnaire is based on questions compiled by doctors and scientists in the Global Consortium for Chemosensory Research, GCCR. If you have any problems completing this form, or would like more information, please contact: Muszkatm@hadassah.org.il

1. General information

Date: _____

1. Name:
2. Have you filled this questionnaire before? (it is 1st 2nd 3rd time)
3. Your current country of residence: _____
4. Your city of residence_____
5. Your serial number: _
6. Patient number (ministry of health) – optional _____
7. Year of birth: _
8. Gender (male, female, other, don't want to say) _____

2. Medical history

9. Do you have any of the following medical conditions?
   - High blood pressure
   - Diabetes
   - Obesity
   - Cardiac disease (e.g. previous heart attack)
   - Respiratory disease (e.g. asthma/COPD)
   - Neurological disease (e.g. stroke)
   - Cancer in the past (please detail)
   - Current cancer (please detail diagnosis and treatment)
   - Chronic rhinosinusitis (i.e. sinusitis)
   - Changes or deterioration in hearing
   - History of head trauma
   - Chronic visual disturbances/Known eye diseases
   - Nasal allergies
   - None
   - Other: _____
10. Are you under any chronic medication (drugs)?
    - Yes
    - No
11.

Medication	The reason for taking

12. Are you regularly taking ARB's (Angiotensin II Receptor Blockers- for hypertension)? If yes, please specify example: VALSARTAN, LOSARTAN
    - Yes (how many times in the last month_____)

- No
- Not sure

13. Are you regularly taking ACE inhibitors (for hypertension)? If yes, please specify example: captopril (Capoten), enalapril (Vasotec), fosinopril (Ramipril)
    - Yes (how many times in the last month_____)
    - No
    - Not sure
14. Are you regularly taking medication, such as painkillers, thyroid function drugs, contraceptive pills? If yes, please detail here

    _____

15. Are you under any of the following treatments? You can check multiple options
    - Eye drops
    - Nasal drops
    - Inhalations
    - Steroids
16. Are you regularly taking fever-reducing or analgesic drugs such as NSAID's (Nonsteroidal anti-inflammatory drug)? If yes, please specify NSAID's examples: ADVIL, VOLTAREN, IBUPROFEN, NUROFEN, DICLOFENAC
    - Yes (how many times in the last month: _____)
    - No
    - Not sure
17. Have you been treated with antibiotics in the 30 days prior to your illness?
    - Yes (since when: _____)
    - No
    - Not sure
18. Have you had changes in the past before your current illness problems or medications related to taste or smell? if yes please describe (Up to six months before your current illness)
    - Yes (_____)
    - No
    - Not sure
19. Do you smoke? If yes please mention how many cigarettes you smoke per day.
    - Yes (___how many cigarettes per day? _____)
    - No
    - Former smoker (when did you quit: _____)
20. Do you smoke electronic cigarettes (vaping)?
    - Yes
    - No
    - Former smoker (when did you quit: _____)
    - Other (e.g. hookah, pipe) _____
21. Do you consume alcohol regularly? If yes please mention how many portions (shots of whiskey, glasses of wine/bottles of beer total) you drink per week.
    - Yes (_____)
    - No
    - Former alcohol consumer (when did you quit_____)

22. Are you pregnant? (females only)
    - Yes__ (if yes please specify your current week) ___
    - No
    - Not sure

3. Your illness

23. Check all that apply, and if possible, please indicate dates on which you had each symptom:

Symptom	Check if you have/had it	Date appeared	Date disappeared
Fever			
Dry Cough			
Cough with mucus			
Chest pain			
Difficulty breathing			
Runny nose			
Sore throat			
Muscle ache			
Diarrhea			
Abdominal Pain			
Vomiting/nausea			
Lack of appetite			
Headache			
Changes in vision			
Increased lacrimation (tears)			
Burning or irritation of the eyes			
Discharge from eyes			
Coated Tongue (white Tongue)			
Changes in smell			
Changes in taste			
Hearing changes			
Changes in voice			
Ears pressure			
No symptoms			
Other			

24. How do you feel now?
    - Feel well/Fully recovered
    - Partially recovered
    - Still sick
    - Do not know
25. Have you been exposed to someone who is confirmed (tested positive) for COVID-19?
    - Yes (on which date? (how many days before the beginning of your symptoms): _____
    - No
    - Not sure
26. Do you or did you have COVID-19?

- Yes - diagnosed with symptoms only
- Yes - diagnosed with viral swab
- Yes, diagnosed with another method (optional: which one?)
- No - viral swab negative (but I still have symptoms)
- No – viral swab negative and no symptoms
- Don't know
- Other: _____

27. On which date were you tested for COVID-19?
    - I was not tested
    - I was tested

    How many COVID19 tests did you have so far?

Test number	Date of test (approximate OK)	result
1		Positive/negative/don't remember
2		Positive/negative/don't remember
3		Positive/negative/don't remember
4		Positive/negative/don't remember

28. Have you been hospitalized during your illness?
    - I was not
    - I was hospitalized (where? _____)
29. If you were hospitalized, please check all that applies:
    - I was treated with oxygen
    - I was hospitalized (please specify hospital name, department_____)
    - I was ventilated
    - I received other respiratory support
    - I was released for home isolation
    - I was transferred to isolation in a hotel.
    - Other _____
30. What treatment(s) or medication have you received for your COVID-19 infection?

_____

4. SMELL

The following questions are related to your sense of smell and whether your nose is blocked

31. Please rate your sense of smell, BEFORE your current illness:

    No sense of smell 1 2 3 4 5 6 7 8 9 10 Excellent sense of smell
32. Did you experience changes in your ability to smell during your illness?
    - Yes
    - No
33. Since becoming ill, does your sense of smell fluctuate?
    - No, it is always the same
    - Comes and goes
    - Don't know
34. Since becoming ill, do smells (Check all that apply)
    - Smell weaker than they did before
    - Smell different compared to before being ill (i.e. the quality of smell has changed)

- I can smell things that aren't there (e.g. I can smell random burning when nothing is on fire)
- Without any changes
- Other: _____

35. Please rate your sense of smell, DURING your current illness

    No sense of smell 1 2 3 4 5 6 7 8 9 10 Excellent sense of smell

36. Please rate your sense of smell, AFTER your current illness: (optional)

    No sense of smell 1 2 3 4 5 6 7 8 9 10 Excellent sense of smell

37. How well could you breathe through your nose, BEFORE your illness:

    Nose completely blocked 1 2 3 4 5 6 7 8 9 10 Nose completely clear

38. How well could you breathe through your nose, DURING your illness:

    Nose completely blocked 1 2 3 4 5 6 7 8 9 10 Nose completely clear

39. How well could you breathe through your nose, AFTER your illness:

    Nose completely blocked 1 2 3 4 5 6 7 8 9 10 Nose completely clear

5. TASTE

The following questions are related to your sense of taste (= sweet, sour, salty, bitter).

40. Please rate your ability to taste BEFORE your illness:

    No sense of taste 1 2 3 4 5 6 7 8 9 10 Excellent sense of taste

41. Please rate your ability to taste DURING your illness:

    No sense of taste 1 2 3 4 5 6 7 8 9 10 Excellent sense of taste

42. Please rate your ability to taste AFTER your illness:

    No sense of taste 1 2 3 4 5 6 7 8 9 10 Excellent sense of taste

43. Do or did you experience other taste symptoms?
    - Bad taste in the mouth
    - Other: _____

44. If there was a change in your sense of taste, which of the following tastes have been affected? (More than one answer can be marked)

    Check all that apply
    - Sweet
    - Salty
    - Sour
    - Bitter
    - Other (detail here) _____
    - None of the above

45. Has your sensitivity to irritants such as mustard, wasabi, pungency (like hot pepper) or coldness (like menthol) changed during the current illness?
    - Yes (details: _____)
    - No
    - Not sure

46. If there is anything else you would like to tell us about how your illness has affected your sense of smell, taste and spiciness, please use the space below:

_____

47. Anything else?

_____

Thank you for your time

2. **Table S1. Statistics information for all classifiers checked.** Classifiers with highest AUC in red.

	Classifier	AUC	Sensitivity	Specificity	Accuracy
1	Basic	0.60	0.50	0.63	0.57
2	Basic + binary (taste, smell, chem)	0.78	0.66	0.79	0.72
3	Basic + numeric (taste, smell, nose)	0.83	0.61	0.92	0.76
4	Basic + numeric (taste, smell, nose) + chemesthesis	0.83	0.61	0.92	0.76
5	Basic + smell binary	0.79	0.63	0.84	0.74
6	Basic + smell numeric	0.83	0.66	0.97	0.82
7	Basic + numeric (taste, smell)	0.82	0.61	0.92	0.76
8	Basic + numeric (taste, smell, nose blockage)	0.83	0.61	0.92	0.76
9	Basic + numeric (taste, smell) + chemesthesis	0.82	0.61	0.92	0.76
10	Basic + numeric (taste, smell, nose blockage) + chemesthesis	0.83	0.61	0.92	0.76
11	Basic + “taste or smell” binary	0.74	0.71	0.76	0.74
12	Basic + taste binary	0.70	0.63	0.74	0.68
13	Basic + taste numeric	0.76	0.55	0.92	0.74
14	Smell numeric	0.81	0.66	0.97	0.82
15	Taste numeric	0.75	0.55	0.92	0.74
16	Smell binary	0.78	0.63	0.92	0.78
17	Taste binary	0.70	0.63	0.76	0.70

3. **Table S2. Classifier 13 “Basic” + taste (quantitative) descriptors intercept (fitted parameter).** Coefficients are presented for each Symptom.

Symptom	**Weight**
Taste change (quantitative)	0.49
Muscle ache	0.36
Fever	0.11
Lack of appetite	0.08
Breath difficulty	-0.14
Sore throat	-0.56
Intercept	-1.04
