Risk prediction with office and ambulatory blood pressure using artificial intelligence

Pedro Guimarães, Andreas Keller, Michael Böhm, Lucas Lauder, José L. Ayala
José R. Banegas, Alejandro de la Sierra, Ernest Vinyoles, Manuel Gorostidi,
Julián Segura, Gema Ruiz-Hurtado, Luis M. Ruilope, Felix Mahfoud

The authors have withdrawn this manuscript because they became aware of inaccuracies on the original raw data. Once these issues are resolved the data will be re-analyzed. However, for now, the authors do not wish this work to be cited as reference for the project. If you have any questions, please contact the corresponding author.
