

1 Do you think that you have been sick with the novel coronavirus (COVID-19)?

Answers

Yes, I have received a positive COVID-19 test

Yes, I have received a positive COVID-19 diagnosis, though not a positive test

Yes, although I have not received a COVID-19 diagnosis

No, although I think that I was exposed to COVID-19

No, and I do not think that I was exposed to COVID-19

Unsure

1a (if positive) How would you describe your COVID-19 symptoms?

Life-threatening

Severe

Mild

No symptoms

We will now ask you additional questions about your potential coronavirus exposure, diagnosis and symptoms.

1.1 (unless no to exposure in 1.1) Since January 1st, 2020, how do you think you have been exposed to COVID-19? Please check all boxes that apply.

Series of Check boxes:

I've been in close physical contact with someone who was told by a physician that they have coronavirus

I've been in the same room as someone who was told by a physician that they have coronavirus

I've been in close physical contact with someone who had a fever, severe fatigue, and cough

I've been in the same room with someone who had a fever, severe fatigue, and cough

I traveled to a high-risk area (such as New York City, China, Italy, or Iran before May, or more recently Brazil, Arizona, Texas, Florida, LA)

I was in close physical contact with someone who traveled to a high-risk area (such as New York City, China, Italy, or Iran before May, or more recently Brazil, Arizona, Texas, Florida, LA)

I was on a cruise ship with infected individuals

No known exposure

Other (please specify)

1.1.1 If yes to 1.1

On what date do you think that your exposure occurred? If there were multiple exposures, then on what date do you think that your highest risk exposure occurred? If the exact date is unknown, then please take your best guess.

Answer: Date field

1.2 Have you had a **new onset** of an illness, including COVID-19, with any of the following symptoms, since January 1st, 2020 [check all that apply]:

Series of Check boxes:

Fever (temperature greater than 38 degrees Celsius or 100 degrees Fahrenheit)

- Severe fatigue, such as inability to get out of bed
- Cough with mucus / phlegm / sputum
- Dry cough (cough without mucus / phlegm / sputum)
- Decrease in appetite
- Sore muscles
- Body aches
- Difficulty breathing or shortness of breath
- Severe difficulty breathing
- Pain with deep breaths
- Sputum (phlegm) production
- Headache
- Sore Throat
- Runny nose
- Nausea
- Bone or joint pain
- Diarrhea
- Loss of sense of smell
- Loss of sense of taste
- Sensitive skin
- Dizziness
- Pain in the chest or heart area
- Lower back pain
- Feeling very warm sometimes, then feeling very cold again
- A numb or tingling sensation somewhere in your body
- A lump in your throat
- Feeling limp somewhere
- Feeling heavy in the arms or legs
- Red, sore or itchy eyes
- Rash
- Blisters
- Discolored fingers or toes
- None of the above
- Other (please specify):

1.2.1 if any boxes checked for 1.2

On what date did your worst set of symptoms begin? If the exact date is unknown, then please take your best guess.

Answer date

1.2.2 if any boxes checked for 1.2

What was your first symptom?

Answer: drop-box of same list as above

1.2.3 if any boxes checked for 1.2

For how many days were you sick?

Answer Number (add "I am still sick" option if possible)

1.2.4 if any boxes checked for 1.2

If you had a fever, for how many days did it last?

Answer Number

1.2.5 if any boxes checked for 1.2

If you had a fever, how high did it get?

Answer Number

1.2.6 if any boxes checked for 1.2

If you had a dry cough, for how many days did it last?

Answer Number

1.2.7 if any boxes checked for 1.2

If you had a headache, for how many days did it last?

Answer Number

1.2.8 if any boxes checked for 1.2

Are you still suffering from any symptoms?

Answer: drop-box of same symptom list as above

1.2.9 if any boxes checked for 1.2

Did you take any of the following medications during or immediately prior to (up to 2 days before) your illness? Check all that apply.

Series of Check boxes:

Non-steroidal anti-inflammatory drugs (NSAIDs, such as Ibuprofen/Motrin, Naproxen/Aleve)

Other pain/fever relievers (such as Aspirin, Paracetamol/acetaminophen)

Antibiotics

None of the above

1.3 Did you visit a physician, including via telemedicine, urgent care, ER, or hospital about coronavirus?

Answer Yes/No

1.3.1 if yes to 1.3, What was the date of your visit? If unsure of exact date, then please fill out approximate date or fill out the number of days since start of symptoms below.

1.4 Have you been tested for COVID-19?

Answer

Yes, and it was positive (confirmed COVID-19)

Yes, and it was negative (did not confirm COVID-19)

Yes, and the result was inconclusive

Yes, and the result is still pending

No

Unsure

1.4a What kind of COVID-19 test did you have?

Antibody test (to tell if you've ever been infected)

Molecular or PCR test (to tell if you are currently infected)

Rapid or antigen test (to tell if you are currently infected, takes less than 1 hr)

Unsure

1.4b What type of sample was taken for your COVID-19 test?

Nasopharyngeal swab (long Q-tip deep into the nose)

Anterior nares swab (short Q-tip shallowly into the nose)

Saliva (spit or sputum)

Blood

Other (please specify):

1.4c Why did you receive COVID-19 testing?

Symptoms

Exposure to infected person
Workplace or school-wide screening
Travel requirement
Part of medical procedure
Curiosity
Other (please specify)

1.4d Have you been diagnosed by a physician as having or likely having COVID-19?

Answer:

Yes

No, my illness was diagnosed by the physician as strep throat, the flu, or another illness

No, I received no diagnosis from a physician

Unsure

1.4.1 if Yes or Unsure to 1.4 or 1.4a

Were you already sick with a different illness when you came down with coronavirus?

Answer: Yes, I had the flu / Yes, I had a cold / Yes, I had another illness / No

1.4.2 if Yes to 1.4

Did you spend an overnight in the hospital or emergency room for coronavirus?

Answer Yes/No

1.4.2.1 if yes to 1.4.2, On what date were you admitted to the hospital? If unsure of exact date, then please fill out approximate date or fill out the number of days since start of symptoms below.

1.4.2.2 if yes to 1.4.2

How many days were you in the hospital?

Answer number

1.4.3 if Yes to 1.4

Did you need oxygen (normally this would be administered through plastic tubes that are loosely inserted into your nose (i.e. nasal cannula), or through a mask applied over your face (BiPAP or CPAP)?

Answer Yes, oxygen via nasal cannula / Yes, BiPAP or CPAP mask / No

1.4.3.1 if yes to 1.4.3, On what date did you start receiving oxygen? If unsure of exact date, then please fill out approximate date or fill out the number of days since start of symptoms below.

1.4.3.1 if Yes to 1.4.3 For how many days did you receive oxygen?

Answer: Number

1.4.4 Were you admitted to the Intensive Care Unit?

1.4.4.1 if yes to 1.4.4, On what date were you admitted to the intensive care unit? If unsure of exact date, then please fill out approximate date or fill out the number of days since start of symptoms below.

1.4.4.1 if Yes to 1.4.4 For how many days were you in the Intensive Care Unit?

Answer: Number

1.4.5 if Yes to 1.4

Were you put on a mechanical ventilator?

Answer Yes/No

1.4.5.1 if yes to 1.4.5 On what date did you first receive mechanical ventilation? If unsure of exact date, then please fill out approximate date or fill out the number of days since start of symptoms below.

1.4.5.1 if Yes to 1.4.5 For how many days were you on a ventilator?

Answer: Number

1.4.6 if Yes to 1.4

Were you diagnosed with pneumonia due to coronavirus?

Answer Yes No Unsure

1.4.6.1 if yes to 1.4.6, On what date was your pneumonia diagnosis? If unsure of exact date, then please fill out approximate date or fill out the number of days since start of symptoms below.

1.4.7 if Yes to 1.4

Did you have any of the following complications of coronavirus? Check all that apply.

Series of check boxes:

Septic shock

Multiple organ dysfunction/failure

Radiographic lung infiltrates (diagnosed via CXR or CT)

Hepatitis

Pancreatitis

Pleural effusion

Acute kidney failure

Kidney Insufficiency

Ascites / excess abdominal fluid

Encephalitis

Heart failure

Anemia

Vasculitis / blood vessel inflammation

Unsure

None of the above

Other (please specify)

1.4.7 if Yes to 1.4

Did a physician prescribe you a treatment for coronavirus? Check all that apply.

Remdesivir

Azithromycin

Chloroquine

Hydroxychloroquine

Corticosteroids

Lopinavir-Ritonavir

Tocilizumab

JAK inhibitor

Unsure

No

Other (please specify)

1.5 Have you had any of the following symptoms last for LONGER than 30 days, with new onset beginning after January 1st, 2020 [check all that apply]:

Series of Check boxes:

Severe fatigue, such as inability to get out of bed

Dry cough

Fever

- Headache
- Difficulty breathing or shortness of breath
- Pain with deep breaths
- Being woken up by shortness of breath
- Bone or joint pain
- Back pain
- Loss of sense of smell
- Loss of sense of taste
- Sensitive skin
- Dizziness
- Difficulty balancing
- Confusion
- Difficulty concentrating
- Decreased alertness
- Memory loss
- Insomnia (difficulty sleeping)
- Pain in the chest or heart area
- Heart palpitations
- Noticing your heartbeat
- Intermittent unexplained elevated heart rate (tachycardia)
- A numb or tingling sensation somewhere in your body
- Feeling limp somewhere
- Feeling heavy in the arms or legs
- Muscle weakness
- Rash
- Diarrhea
- Nausea
- Acid reflux
- Ringing in the ears (tinnitus)
- None of the above
- Other (please specify):

If any checked: During which month of 2020 did this symptom occur? With choices for Before 2020, Not in 2020, and then each month of 2020.

For approximately how many days did the symptom last?

Are you still suffering from any symptoms?

Answer: drop-box of same symptom list as above

1.6 Since January 1st, 2020, have you been newly diagnosed with any of the following conditions or had any of the following procedures [check all that apply]:

Series of Check boxes:

- Blood clots
- Stroke or TIA
- Pulmonary embolism
- Heart attack (cardiac arrest)
- Heart failure
- Myocarditis
- Heart damage or scarring

- Pacemaker implant
- Lung fibrosis
- Lung damage or scarring
- Pneumonia
- Acute Respiratory Distress Syndrome (ARDS)
- Oxygen supplementation
- Dialysis
- Kidney damage
- Renal failure
- None of the above
- Other (please specify)

If any checked: "On approximately what date did you receive this diagnosis or procedure?"

We will now ask some questions about yourself to study whether you have been at increased or decreased risk of coronavirus due to the medications you take, any chronic conditions you may have, your daily behaviors, and other factors. All questions are voluntary.

2.1 What is your current weight (in pounds)?

Answer: Number

2.2 What is your height in feet and inches?

Answer: Feet and inches options list from 4'0" to 8'0"

2.3 Please check below if you've ever been diagnosed with any of the following conditions or had any of the following procedures [check all that apply]:

Series of Check boxes:

- Cardiovascular (heart) disease
 - High blood pressure / hypertension
 - Asthma
 - COPD (chronic obstructive pulmonary disease)
 - Chronic bronchitis
 - Cystic Fibrosis
 - Other chronic lung disease
 - Type 1 Diabetes
 - Type 2 Diabetes
 - Sleep apnea
 - Use of a home CPAP (continuous positive airway pressure) device at home at night
 - HIV
 - Immunocompromised status
 - Organ transplant
 - Bone marrow transplant
 - Rheumatoid arthritis
 - Systemic lupus
 - Erythematosus
 - Multiple sclerosis
 - Inflammatory bowel disease
 - Celiac disease
 - None of the above
 - Other autoimmune or rheumatologic disease
- Specify other autoimmune or rheumatologic disease

If checked:

Please specify your other chronic lung disease

2.4 Have you regularly taken any of the following medications since January 1st, 2020? Check all that apply.

Series of Check boxes:

- _ACE-inhibitors (such as Lisinopril)
- _Angiotension II Receptor Blockers (such as Losartan)
- _Antibiotics
- _Antiviral (such as the antimalarial hydroxychloroquine or HIV protease inhibitors (ritonavir, lopinavir, darunavir, atazanavir))
- _Pollen allergy medications (such as Claritin, Zyrtec)
- _Androgen deprivation therapy
- _Asthma medication
- _Light immunosuppressive medication (such as corticosteroids, DMARDs, anti-cytokine antibodies)
- _Strong immunosuppressive medication (such as MMF, Tac, medications given to transplant patients)
- _Medications called "biologics" or "monoclonal antibodies" such as abatacept (Orencia), adalimumab (Humira), anakinra (Kineret), certolizumab pegol (Cimzia), etanercept (Enbrel), golimumab (Simponi), infliximab (Inflectra, Remicade), rituximab (Rituxan), tocilizumab (Actemra), tofacitinib (Xeljanz), or upadacitinib (Rinvoq)
- _Non-steroidal anti-inflammatory drugs (NSAIDs, such as Ibuprofen/Motrin, Naproxen/Aleve)
- _Other pain/fever relievers (such as Aspirin, Paracetamol/acetaminophen)
- _Blood thinners (such as Eliquis, Xarelto, Pradaxa)
- _Vitamin D
- _Bile acids (UDCA)
- _None of the above

If any checked: "During which months of 2020 did you take this medication?" With choices for Before 2020, Not in 2020, and then each month of 2020.

3.1 Have you smoked at least 100 cigarettes in your entire life? (There are 20 cigarettes in a pack)?

Answer Yes, I currently smoke / Yes, I used to smoke / No

3.1.1 if "Yes, I currently smoke" to 3.1:

When you smoke, how many cigarettes do you usually smoke daily?

Answer:

I don't smoke regularly

1-10

11-20

21-30

31 or more

3.1.2 if "Yes, I used to smoke" to 3.1:

When you smoked, how many cigarettes did you usually smoke daily?

Answer:

I don't didn't smoke regularly

1-10

11-20

21-30

31 or more

4 What is your blood type?

Answer A / B / AB / O / Don't know

5 What is your Rh factor (i.e., + if your blood type is A+, - if your blood type is A-)

Answer + / - / Don't know

6 What is your current age?

Answer Number

7.1 In what state do you live?

Drop-down list of states

7.1.1 What is your postcode/zip code?

Answer: free text

7.2 How many people do you live with at the moment? Do not count yourself.

Answer: Number

7.3 How many children do you live with at the moment?

Answer: Number

7.4 Does anyone you share a home with, including yourself, currently work outside the home?

Answer Yes / No

7.5 Did you get a flu shot in the past year?

Answer: Yes / No

7.6 Are you pregnant?

Answer Yes / No

7.6.1 if Yes to 7.6

How many weeks pregnant are you currently?

How many months pregnant are you currently?

7.7 How many children do you have?

Answer Number

7.7.1 if 7.7>0

Have you had a baby in the last 6 weeks?

Answer Yes No

7.8 How many times in your life have you been diagnosed with pneumonia?

Answer Number

7.9 How many times in your life have you been diagnosed with bronchitis?

Answer Number

7.10 In general, how many times per year do you have a cold?

Answer Number

7.11 In general, how many times per year do you have sinusitis (sinus infections)?

Answer Number

7.12 In general, how many times per year do you have other upper respiratory tract infections?

Answer Number

7.13 Are you frequently around young children (for example, do you have young children or are you an elementary school teacher)? Check all that apply.

Answer Yes, I have young children / Yes, I teach young children / Yes, other / No

7.14 How many hours of sleep do you usually get per night?

Answer: Number

7.15 What is your highest level of educational attainment?

Answer: Doctoral degree / Master's Degree / Bachelor's Degree (4 yrs) / Associate's Degree (2 yrs) / Some college, no degree / High school diploma / Some high school, no diploma / Elementary/primary school

7.16 Have you ever had a tuberculosis (BCG) vaccine?

Answer: Yes / No / Unsure

8.1 Has a close blood relative of yours (parent, child or sibling) been diagnosed with coronavirus?

Answer: Yes, my parent | Yes, my sibling | Yes, my child | No

8.1.1 if Yes to 8.1

Were you in physical contact with this relative within two weeks of their illness?

Answer Yes No

8.1.2 if yes to 8.1

How severe was the illness of your close blood relative with coronavirus? If multiple close blood relatives had the virus, then please check as many boxes as apply.

Series of check boxes:

- Mild case (no medical action taken)
- Contacted or saw physician
- Admitted to hospital
- Spent overnight in hospital
- Admitted to Intensive Care Unit
- Underwent mechanical ventilation
- Passed away from coronavirus
- Unsure

8.2 At any time since January 1st, 2020 have you observed a shelter-in-place or self-isolation policy, which means that you have stayed home and only gone out for essential needs and exercise?

Answer: Yes/No/Don't Know

8.2.1 If yes to 8.2

Approximately how long ago did you first start this shelter-in-place / self-isolation?

Answer:

Less than 2 weeks ago

Approximately 2 weeks ago

More than 2 weeks ago

8.2.2 if yes to 8.2

For how many days did you maintain this self-isolation?

Answer

Less than 1 week
1 to 2 weeks
2 weeks to 1 month
1 to 2 months
More than 2 months
8.2.3 if yes to 8.2
Are you still in self-isolation?
Answer
Yes
No

8.3 At any time since January 1st, 2020 have you been under self-quarantine, which means that you did not leave your house or yard due to a positive coronavirus test, possible coronavirus exposure, or coronavirus symptoms?

Answer: Yes/No/Don't Know

8.3.1 If yes to 8.3

Approximately when did you first start this self-quarantine?

Answer:

Less than 2 weeks ago

Approximately 2 weeks ago

More than 2 weeks ago

8.4 If you work outside the home, how long ago did you last physically go to work? Answer:

Within the last week

1 to 2 weeks ago

2 weeks to 1 month ago

1 to 2 months ago

More than 2 months ago

8.5 If you work outside the home, how many days of the last 7 did you physically go to work?

Answer number

8.6 Approximately how long ago did you last use public transit?

Within the last week

1 to 2 weeks ago

2 weeks to 1 month ago

1 to 2 months ago

More than 2 months ago

8.7 Approximately how long ago did you last use shared transportation, such as a taxi or airplane?

Within the last week

1 to 2 weeks ago

2 weeks to 1 month ago

1 to 2 months ago

More than 2 months ago

8.8 Approximately how long ago did you last go to a store, including a grocery store?

Within the last week

- 1 to 2 weeks ago
- 2 weeks to 1 month ago
- 1 to 2 months ago
- More than 2 months ago

8.9 Approximately how long ago were you last in a building containing at least 50 people?

- Within the last week
- 1 to 2 weeks ago
- 2 weeks to 1 month ago
- 1 to 2 months ago
- More than 2 months ago

8.10 Are you a healthcare worker who comes into contact with patients?

Answer: Yes/No

8.11 Approximately when was the last time you were in a large public gathering of greater than 250 people (such as a concert)?

- Within the last week
- 1 to 2 weeks ago
- 2 weeks to 1 month ago
- 1 to 2 months ago
- More than 2 months ago

8.10 Do you currently take precautions when you go out in public? Check all that apply.

Series of check boxes:

- Wear face mask
- Wear gloves
- Keep 6 feet from others
- Use hand sanitizer
- Perform frequent hand washing
- Avoid touching face
- None of the above

9. Please check below if you've ever had any of the following health conditions, procedures or treatments [check all that apply]:

Series of Check boxes:

- Liver disease
- Kidney disease or renal insufficiency
- Chronic muscle disease
- Depression
- Anxiety disorder
- Other mental health condition, such as schizophrenia
- Dementia
- Parkinson's Disease
- Alzheimer's Disease
- Other Neurological disease
- Balloon angioplasty or percutaneous coronary intervention

- _Coronary artery bypass
- _Congestive heart failure
- _Myocardial infarction
- _Peripheral vascular disease
- _Stroke
- _Arrhythmia
- _Hepatitis
- _Pancreatitis
- _Pleural effusion
- _Ascites / excess abdominal fluid
- _Leukemia
- _Breast cancer
- _Prostate cancer
- _Bladder cancer
- _Colon and rectal cancer
- _Endometrial cancer
- _Kidney cancer
- _Liver cancer
- _Melanoma
- _Non-Hodgkin Lymphoma
- _Pancreatic Cancer
- _Thyroid Cancer
- _Other cancer
- _Other chronic disease
- _None of the above

9.1 If "Other chronic disease" is checked, please specify

Answer: free text

9.2 If "Other cancer" is checked, please specify

Answer: free text

9.3 If "Other mental health condition" is checked, please specify

Answer: free text

9.4 If "Other neurological condition" is checked, please specify

Answer: free text

10. How often do you consume alcoholic beverages?

Answer:

Never

Once a month or less

2-4 times a month

2-3 times per week

4 times or more per week

11. What is your total annual household income?

Under \$15,000

Between \$15,000 and \$29,999

Between \$30,000 and \$49,999

Between \$50,000 and \$74,999

Between \$75,000 and \$99,999

Between \$100,000 and \$149,000

Between \$150,000 and \$199,999

Over \$200,000

Prefer not to answer

Subsequent survey given at later date if first survey is filled out and participant had not yet had COVID-19 or had not yet recovered from COVID-19

1 Do you think that you have been sick with the novel coronavirus (COVID-19)?

Answers

Yes, I have received a positive COVID-19 test

Yes, I have received a positive COVID-19 diagnosis, though not a positive test

Yes, although I have not received a COVID-19 diagnosis

No, although I think that I was exposed to COVID-19

No, and I do not think that I was exposed to COVID-19

Unsure

1a (if positive) How would you describe your COVID-19 symptoms?

Life-threatening

Severe

Mild

No symptoms

We will now ask you additional questions about your potential coronavirus exposure, diagnosis and symptoms.

1.1 (unless no to exposure in 1) Since your last survey, how do you think that you have been exposed to the novel coronavirus (COVID-19)? Please check all boxes that apply.

Series of Check boxes:

I've been in close physical contact with someone who was told by a physician that they have coronavirus

I've been in the same room as someone who was told by a physician that they have coronavirus

I've been in close physical contact with someone who had a fever, severe fatigue, and cough

I've been in the same room with someone who had a fever, severe fatigue, and cough

I traveled to a high-risk area (such as Brazil, Texas, Florida, Arizona, or LA))

I was in close physical contact with someone who traveled to a high-risk area (such as Brazil, Texas, Florida, Arizona, or LA)

I was on a cruise ship with infected individuals

No known exposure

Other (please specify)

1.1.1 If yes to 1.1

On what date do you think that your exposure occurred? If there were multiple exposures, then on what date do you think that your highest risk exposure occurred? If the exact date is unknown, then please take your best guess.

Answer: Date field

1.2 Have you had a **new onset** of an illness with any of the following symptoms, since your last survey [check all that apply]:

Series of Check boxes:

- Fever (temperature greater than 38 degrees Celsius or 100 degrees Fahrenheit)
- Severe fatigue, such as inability to get out of bed
- Cough with mucus / phlegm / sputum
- Dry cough (without mucus / phlegm / sputum)
- Decrease in appetite
- Sore muscles
- Body aches
- Difficulty breathing or shortness of breath
- Severe difficulty breathing
- Pain with deep breaths
- Sputum (phlegm) production
- Headache
- Sore Throat
- Runny nose
- Nausea
- Bone or joint pain
- Diarrhea
- Loss of sense of smell
- Loss of sense of taste
- Sensitive skin
- Dizziness
- Pain in the chest or heart area
- Lower back pain
- Feeling very warm sometimes, then feeling very cold again
- A numb or tingling sensation somewhere in your body
- A lump in your throat
- Feeling limp somewhere
- Feeling heavy in the arms or legs
- Red, sore or itchy eyes
- Rash
- Blisters
- Discolored fingers or toes
- None of the above
- Other: please specify

1.2.1 if any boxes checked for 1.2

On what date did your illness begin? If you have had multiple illnesses, then choose the worst illness. If the exact date is unknown, then please take your best guess.

Answer date

1.2.2 if any boxes checked for 1.2

What was your first symptom?

Answer: drop-box of same symptom list as above

1.2.3 if any boxes checked for 1.2

For how many days were you sick?

Answer Number (add "I am still sick" option if possible)

1.2.4 if any boxes checked for 1.2

If you had a fever, for how many days did it last?

Answer Number

1.2.5 if any boxes checked for 1.2

If you had a fever, how high did it get?

Answer Number

1.2.6 if any boxes checked for 1.2

If you had a dry cough, for how many days did it last?

Answer Number

1.2.7 if any boxes checked for 1.2

If you had a headache, for how many days did it last?

Answer Number

1.2.8 if any boxes checked for 1.2

Are you still suffering from any symptoms?

Answer: drop-box of same symptom list as above

1.2.9 if any boxes checked for 1.2

Did you take any of the following medications during or immediately prior to (up to 2 days before) your illness? Check all that apply.

Series of Check boxes:

Non-steroidal anti-inflammatory drugs (NSAIDs, such as Ibuprofen/Motrin, Naproxen/Aleve)

Other pain/fever relievers (such as Aspirin, Paracetamol/acetaminophen)

Antibiotics

None of the above

1.3 Did you visit a physician, including via telemedicine, urgent care, ER or hospital about coronavirus?

Answer Yes/No

1.3.1 if yes to 1.3, What was the date of your visit? If unsure of exact date, then please fill out approximate date or fill out the number of days since start of symptoms below.

1.4 Have you been tested for COVID-19?

Answer

Yes, and it was positive (confirmed COVID-19)

Yes, and it was negative (did not confirm COVID-19)

Yes, and the result was inconclusive

Yes, and the result is still pending

No

Unsure

1.4a What kind of COVID-19 test did you have?

Antibody test (to tell if you've ever been infected)

Molecular or PCR test (to tell if you are currently infected)

Rapid or antigen test (to tell if you are currently infected, takes less than 1 hr)

Unsure

1.4b What type of sample was taken for your COVID-19 test?

Nasopharyngeal swab (long Q-tip deep into the nose)

Anterior nares swab (short Q-tip shallowly into the nose)

Saliva (spit or sputum)

Blood

Other (please specify):

1.4c Why did you receive COVID-19 testing?

Symptoms

Exposure to infected person

Workplace or school-wide screening

Part of medical procedure

Travel requirement

Curiosity

Other (please specify)

1.4d Have you been diagnosed by a physician as having or likely having COVID-19?

Answer:

Yes

No, my illness was diagnosed by the physician as strep throat, the flu, or another illness

No, I received no diagnosis from a physician

Unsure

1.4.1 if Yes or Unsure to 1.4 or 1.4a

Were you already sick with a different illness when you came down with coronavirus?

Answer: Yes, I had the flu / Yes, I had a cold / Yes, I had another illness / No

1.4.2 if Yes to 1.4

Did you spend an overnight in the hospital or emergency room for coronavirus?

Answer Yes/No

1.4.2.1 if yes to 1.4.2, On what date were you admitted to the hospital? If unsure of exact date, then please fill out approximate date or fill out the number of days since start of symptoms below.

1.4.2.2 if yes to 1.4.2

How many days were you in the hospital?

Answer number

1.4.3 if Yes to 1.4

Did you need oxygen (normally this would be administered through plastic tubes that are loosely inserted into your nose (i.e. nasal cannula), or through a mask applied over your face (BiPAP or CPAP)?

Answer Yes, oxygen via nasal cannula / Yes, BiPAP or CPAP mask / No

1.4.3.1 if yes to 1.4.3, On what date did you start receiving oxygen? If unsure of exact date, then please fill out approximate date or fill out the number of days since start of symptoms below.

1.4.3.1 if Yes to 1.4.3 For how many days did you receive oxygen?

Answer: Number

1.4.4 Were you admitted to the Intensive Care Unit?

1.4.4.1 if yes to 1.4.4, On what date were you admitted to the intensive care unit? If unsure of exact date, then please fill out approximate date or fill out the number of days since start of symptoms below.

1.4.4.1 if Yes to 1.4.4 For how many days were you in the Intensive Care Unit?

Answer: Number

1.4.5 if Yes to 1.4

Were you put on a mechanical ventilator?

Answer Yes/No

1.4.5.1 if yes to 1.4.5, On what date did you first receive mechanical ventilation? If unsure of exact date, then please fill out approximate date or fill out the number of days since start of symptoms below.

1.4.5.1 if Yes to 1.4.5 For how many days were you on a ventilator?

Answer: Number

1.4.6 if Yes to 1.4

Were you diagnosed with pneumonia due to coronavirus?

Answer Yes No Unsure

1.4.6.1 if yes to 1.4.6, On what date was your pneumonia diagnosis? If unsure of exact date, then please fill out approximate date or fill out the number of days since start of symptoms below.

1.4.7 if Yes to 1.4

Did you have any of the following complications of coronavirus? Check all that apply.

Series of check boxes:

Septic shock

Multiple organ dysfunction/failure

Radiographic lung infiltrates (diagnosed via CXR or CT)

Hepatitis

Pancreatitis

Pleural effusion

Acute kidney failure

Kidney Insufficiency

Ascites / excess abdominal fluid

Encephalitis

Heart failure

Anemia

Vasculitis / blood vessel inflammation

Unsure

None of the above

1.4.7 if Yes to 1.4

Did a physician prescribe you a treatment for coronavirus? Check all that apply.

Remdesivir

Azithromycin

Chloroquine

Hydroxychloroquine

Corticosteroids

Lopinavir-Ritonavir

Tocilizumab

JAK inhibitor

Unsure

No

1.5 Have you had any of the following symptoms last for LONGER than 30 days, with new onset beginning after January 1st, 2020 [check all that apply]:

Series of Check boxes:

Severe fatigue, such as inability to get out of bed

- Dry cough
- Fever
- Headache
- Difficulty breathing or shortness of breath
- Pain with deep breaths
- Being woken up by shortness of breath
- Bone or joint pain
- Back pain
- Loss of sense of smell
- Loss of sense of taste
- Sensitive skin
- Dizziness
- Difficulty balancing
- Confusion
- Difficulty concentrating
- Decreased alertness
- Memory loss
- Insomnia (difficulty sleeping)
- Pain in the chest or heart area
- Heart palpitations
- Noticing your heartbeat
- Intermittent unexplained elevated heart rate (tachycardia)
- A numb or tingling sensation somewhere in your body
- Feeling limp somewhere
- Feeling heavy in the arms or legs
- Muscle weakness
- Rash
- Diarrhea
- Nausea
- Acid reflux
- Ringing in the ears (tinnitus)
- None of the above
- Other (please specify):

If any checked: During which months of 2020 did this symptom occur? With choices for Before 2020, Not in 2020, and then each month of 2020.

For approximately how many days did the symptom last?

Are you still suffering from any symptoms?

Answer: drop-box of same symptom list as above

1.6 Since January 1st, 2020, have you been newly diagnosed with any of the following conditions or had any of the following procedures [check all that apply]:

Series of Check boxes:

- Blood clots
- Stroke or TIA
- Pulmonary embolism
- Heart attack (cardiac arrest)
- Heart failure

- Myocarditis
- Heart damage or scarring
- Pacemaker implant
- Lung fibrosis
- Lung damage or scarring
- Pneumonia
- Acute Respiratory Distress Syndrome (ARDS)
- Oxygen supplementation
- Dialysis
- Kidney damage
- Renal failure
- Other (please specify)

If any checked: "On approximately what date did you receive this diagnosis or procedure?"

We will now ask some questions about yourself to study whether you have been at increased or decreased risk of coronavirus due to the medications you take, any chronic conditions you may have, your daily behaviors, and other factors. All questions are voluntary.

2.4 Have you regularly taken any of the following medications since your last survey? Check all that apply.

Series of Check boxes:

- ACE-inhibitors (such as Lisinopril)
- Angiotension II Receptor Blockers (such as Losartan)
- Antibiotics
- Antiviral (such as the antimalarial hydroxychloroquine or HIV protease inhibitors (ritonavir, lopinavir, darunavir, atazanavir))
- Pollen allergy medications (such as Claritin, Zyrtec)
- Androgen deprivation therapy
- Asthma medication
- Light immunosuppressive medication (such as corticosteroids, DMARDs, anti-cytokine antibodies)
- Strong immunosuppressive medication (such as MMF, Tac, medications given to transplant patients)
- Medications called "biologics" or "monoclonal antibodies" such as abatacept (Orencia), adalimumab (Humira), anakinra (Kineret), certolizumab pegol (Cimzia), etanercept (Enbrel), golimumab (Simponi), infliximab (Inflectra, Remicade), rituximab (Rituxan), tocilizumab (Actemra), tofacitinib (Xeljanz), or upadacitinib (Rinvoq)
- Non-steroidal anti-inflammatory drugs (NSAIDs, such as Ibuprofen/Motrin, Naproxen/Aleve)
- Other pain/fever relievers (such as Aspirin, Paracetamol/acetaminophen)
- Blood thinners (such as Eliquis, Xarelto, Pradaxa)
- Vitamin D
- Bile acids (UDCA)

If any checked: "During which months of 2020 did you take this medication?" With choices for Before 2020, Not in 2020, and then each month of 2020.

3.1 Has a close relative of yours (parent, child or sibling) been diagnosed with coronavirus? Check all that apply.

Answer: Yes, my parent | Yes, my sibling | Yes, my child | No

3.1.1 if Yes to 3.1

Were you in physical contact with this relative within two weeks of their illness?

Answer Yes No

3.1.2 if yes to 3.1 How severe was the illness of your close relative with coronavirus? If multiple close blood relatives had the virus, then please check as many boxes as apply.

Series of check boxes:

Mild case (no medical action taken)

Contacted or saw physician

Admitted to hospital

Spent overnight in hospital

Admitted to Intensive Care Unit

Underwent mechanical ventilation

Passed away from coronavirus

Unsure

3.2 At any time since January 1st, 2020 have you observed a shelter-in-place or self-isolation policy, which means that you have stayed home and only gone out for essential needs and exercise?

Answer: Yes/No/Don't Know

3.2.1 If yes to 3.2

Approximately how long ago did you first start this shelter-in-place / self-isolation?

Answer:

Less than 2 weeks ago

Approximately 2 weeks ago

More than 2 weeks ago

3.2.2 if yes to 3.2

For how many days did you maintain this self-isolation?

Answer

Less than 1 week

1 to 2 weeks

2 weeks to 1 month

1 to 2 months

More than 2 months

3.2.3 if yes to 3.2

Are you still in self-isolation?

Answer

Yes

No

3.3 At any time since January 1st, 2020 have you been under self-quarantine, which means that you did not leave your house or yard due to a positive coronavirus test, possible coronavirus exposure, or coronavirus symptoms?

Answer: Yes/No/Don't Know

3.3.1 If yes to 3.3

Approximately when did you first start this self-quarantine?

Answer:
Less than 2 weeks ago
More than 2 weeks ago

3.4a Does anyone you share a home with, including yourself, currently work outside the home?

Answer Yes / No

3.4b If you work outside the home, how long ago did you last physically go to work?

Answer:
Within the last week
1 to 2 weeks ago
2 weeks to 1 month ago
1 to 2 months ago
More than 2 months ago

3.5 If you work outside the home, how many days of the last 7 did you physically go to work?

Answer number

3.6 Approximately how long ago did you last use public transit?

Answer:
Within the last week
1 to 2 weeks ago
2 weeks to 1 month ago
1 to 2 months ago
More than 2 months ago

3.7 Approximately how long ago did you last use shared transportation, such as a taxi or airplane?

Answer:
Within the last week
1 to 2 weeks ago
2 weeks to 1 month ago
1 to 2 months ago
More than 2 months ago

3.8 .Approximately how long ago did you last go to a store, including a grocery store?

Answer:
Within the last week
1 to 2 weeks ago
2 weeks to 1 month ago
1 to 2 months ago
More than 2 months ago

3.9 Approximately how long ago were you last in a building containing at least 50 people?

Answer:
Within the last week
1 to 2 weeks ago
2 weeks to 1 month ago

1 to 2 months ago
More than 2 months ago

3.10 Are you a healthcare worker who comes into contact with patients?

Answer: Yes/No

3.11 Approximately how long ago were you in a large public gathering of greater than 250 people (such as a concert)?

Answer:

Within the last week

1 to 2 weeks ago

2 weeks to 1 month ago

1 to 2 months ago

More than 2 months ago

3.10 Do you currently take precautions when you go out in public? Check all that apply.

Series of check boxes:

Wear face mask

Wear gloves

Keep 6 feet from others

Use hand sanitizer

Perform frequent hand washing

Avoid touching face

None of the above
