

Table S1 Patient information

Chronic HCV-infected patients

Patient #	Patient ID	Diagnosis	HCV genotype	HCV RNA quantitation (IU/50 ng total RNA) ¹		Prior HCV treatment
				D0	D7	
1	Chronic HCV_1	HCC	HCV G1a	3371.3	2611.5	Not treated
2	Chronic HCV_2	ICC	HCV G1a	8.2	1.8	Not treated
3	Chronic HCV_3	HCC	HCV G2	1.2	76.7	Not treated
4	Chronic HCV_4	HCC	HCV G1a	3562.7	1762.0	Not treated
5	Chronic HCV_5	HCC	HCV G1b	638.8	135.2	Not treated
6	Chronic HCV_6	HCC	HCV G1a	3279.5	405.0	Not treated
7	Chronic HCV_7	HCC	HCV G1b	9760.1	14365.8	Not treated
8	Chronic HCV_8	ICC	HCV G6	6769.8	N/A	Not treated

¹The limit of detection in the assay was 1.2 IU/50 ng liver total RNA.

Table S1 (continued)

HCV-DAA-cured patients

Patient #	Patient ID	Diagnosis	HCV genotype ¹	HCV RNA quantitation (IU/50ng total RNA)	DAA treatment duration	Time from completion of DAA treatment to HCC surgery with sample collection ³
				D0		
1	HCV-DAA_1	HCC	HCV G1b	non-detect	12 weeks	9 months
2	HCV-DAA_2	HCC	N/A	non-detect	N/A	N/A
3	HCV-DAA_3	HCC	HCV G1a	non-detect	12 weeks	10 months
4	HCV-DAA_4	HCC	HCV G1a	non-detect	24 weeks	12 months
5	HCV-DAA_5	HCC	HCV G1b	non-detect	12 weeks	7 months
6	HCV-DAA_6	HCC/ICC	N/A	non-detect	8 weeks	less than 1 month
7	HCV-DAA_7	ICC	HCV G1a or G1b	non-detect	24 weeks	9 months
8	HCV-DAA_8	HCC	HCV G1a	non-detect	12 weeks	less than 1 month
9	HCV-DAA_9	HCC	HCV G1a	non-detect	12 weeks	20 months
10	HCV-DAA_10	HCC	N/A	0.3, Below LoD ²	12 weeks	9 months

¹Genotype was obtained with clinical information prior to DAA treatment. N/A referred to HCV of unknown genotypes. Such patients were documented with HCV infection, however without genotype information.

²The 0.3 IU/50 ng liver total RNA was below the limit of detection (LoD), which was 1.2 IU/50 ng liver total RNA. Thus, this patient was also HCV negative.

³This indicates the time from completion of DAA treatment to HCC surgery when the liver specimens were collected and analyzed.

Table S1 (continued)

Non-infected patients

Patient #	Patient ID	Diagnosis	HCV RNA quantitation (IU/50ng total RNA)
			D0
1	Non-infected_1	Mullerian tumor	non-detect
2	Non-infected_2	ICC	non-detect
3	Non-infected_3	Cholangiocarcinoma	non-detect
4	Non-infected_4	Colorectal cancer	non-detect
5	Non-infected_5	Hepatocellular carcinoma	non-detect
6	Non-infected_6	ICC	non-detect
7	Non-infected_7	Neuroadenoma metastasis	non-detect
8	Non-infected_8	CRC	non-detect
9	Non-infected_9	Angiomyolipoma	non-detect
