

Additional File 5: Additional qualitative quotes

Difficulty being heard/understood – having to talk louder

“I often end up raising my voice more often” (teaching assistant)

“If I wear a mask whilst teaching I feel that it affects the children as they find it hard to understand what I am saying” (support staff)

“I feel that it hinders the communication between myself and the pupils. Pupils cannot always hear me and they are sometimes distracted by the appearance” (teacher)

“It makes you feel hot and you have to shout to be heard. It is a long day with masks and not very comfortable” (teacher)

“I absolutely hate wearing a mask or visor. It restricts me and it makes me feel poorly. You have to project your voice more as children don't hear you all the time” (teacher)

Difficulty understanding body language/facial expressions

“Makes the children uncomfortable - hard to read facial expressions and to deliver lessons when wearing a mask” (teacher)

“Yes as an Early Years teacher I feel the children benefit enormously by seeing facial expression when teaching” (teacher)

“I find it extremely difficult to wear a mask/visor whilst teaching. They are young children and need to see facial expressions” (teacher)

Physical impacts of wearing including health and vision

“My throat is constantly sore because you have to raise your voice to be heard over the shield. It also makes it difficult to hear” (teacher)

“It gets quite hot and hard to breathe sometimes, some children struggle with what is being said to them if the mask is on” (teaching assistant)

“It is awful breathing in my breath all day and this constantly happens, as teachers we are constantly talking. It is very difficult but I am getting used to it” (teacher)

“Yes, children can't hear you. You steam up. Outdoors visors get wet. It makes it very difficult to teach well” (teacher)

“I wear glasses so find both visor and masks hugely impact my vision due to condensation on my glasses with mask and poor visibility with visor” (teaching assistant)

Social/emotional impacts affecting relationships with pupils

“I wear a mask in communal areas and a visor to teach the children. The children don't hear me as well and it makes teaching feel cold and uncaring” (teacher)

“Wearing a mask hides a smile and other facial expressions. I believe it's hard to read ones emotions with wearing a mask” (teaching assistant)

Additional File 5: Additional qualitative quotes

Challenges for pupils with additional learning needs and English as an additional language

“Mask reduces audibility of voice and makes it impossible for children with speech and language difficulties to see how you articulate different sounds” (teaching assistant)

“Hard to support children with speech difficulties or hearing difficulties”
(headteacher)

Impact on teaching phonics

“It is difficult for the children to understand sometimes. It is very difficult teaching phonics, where mouth shape and lip position is important” (teaching assistant)

“Voice is more muffled, so it's difficult to teach phonics or read stories. I'm using my voice more to be heard” (teacher)

“When delivering phonics the children struggle when we are wearing masks as they can not see our mouth forming the words and sounds” (role unknown)
