

Appendix A. Final version of the questionnaire

Please read these important instructions:

Please rate each activity on two aspects:

1. How **important** the activity is to you **today**. When rating importance, please do not think about your ability to do it. Only consider how important it is for you **today**, not what you think will be important in the future.
2. Your **ability** to do the activity **today**. If you are using an aid (such as a cane, crutches, walker, etc.), assess your ability with the aid you use.

Thank you for participating in our study!
