

**Quantifying the efficiency of non-pharmaceutical
interventions on SARS-COV-2 transmission in Europe**

Supplementary materials

Section S1. Description of each NPI

Name	Description
StayHomeOrder	Stay-at-home orders for the general population (these are enforced and also referred to as 'lockdown')
StayHomeGen	Stay-at-home recommendations for the general population (which are voluntary or not enforced)
StayHomeRiskG	Stay-at-home recommendations for risk groups or vulnerable populations (such as the elderly, people with underlying health conditions, physically disabled people, etc.)
ClosDaycare	Closure of educational institutions: daycare or nursery
ClosPrim	Closure of educational institutions: primary schools.
ClosSec	Closure of educational institutions: secondary schools.
ClosHigh	Closure of educational institutions: higher education.
MassGatherAll	Interventions are in place to limit mass/public gatherings (limit of 1000 or less individuals allowed).
ClosPubAny	Closure of public spaces of any kind (including restaurants, entertainment venues, non-essential shops, partial or full closure of public transport, gyms and sport centers, etc).
MasksVoluntary	Protective mask use in public spaces/transport on voluntary basis (general recommendation not enforced)
MasksMandatory	Protective mask use in public spaces/transport on mandatory basis (enforced by law)
TeleworkingClosures	Teleworking recommendation or workplace closures

StayHomeOrderPartial	Stay-at-home orders for the general population (these are enforced and also referred to as ‘lockdown’) – partially relaxed measure
StayHomeGenPartial	Stay-at-home recommendations for the general population (which are voluntary or not enforced) – partially relaxed measure
StayHomeRiskGPartial	Stay-at-home recommendations for risk groups or vulnerable populations (such as the elderly, people with underlying health conditions, physically disabled people, etc.) – partially relaxed measure
ClosDaycarePartial	Closure of educational institutions: daycare or nursery – partially relaxed measure
ClosPrimPartial	Closure of educational institutions: primary schools – partially relaxed measure
ClosSecPartial	Closure of educational institutions: secondary schools – partially relaxed measure
ClosHighPartial	Closure of educational institutions: higher education – partially relaxed measure
MassGatherAllPartial	Interventions are in place to limit mass/public gatherings (with a specific limit of <1000 individuals, or less) – partially relaxed measure
ClosPubAnyPartial	Closure of public spaces of any kind (including restaurants, entertainment venues, non-essential shops, partial or full closure of public transport, gyms and sport centers etc) – partially relaxed measure

MasksVoluntaryPartial	Protective mask use in public spaces/transport on voluntary basis (general recommendation not enforced) – partially relaxed measure
MasksMandatoryPartial	Protective mask use in public spaces/transport on mandatory basis (enforced by law) – partially relaxed measure
TeleworkingClosuresPartial	Teleworking recommendation or workplace closures – partially relaxed measure

Section S2. Estimations for each country are reported (dynamics of cases report and efficacies estimation).

Austria:
